CHALFANT DESERTS TRUSTING BRIDE

FORMER LOCAL RESIDENT ROBS
CHICAGO WIDOW.

After Two Weeks' Honeymoon Chalfant Decamps Taking \$3,000—Detectives Try to Locate Him—While in Janesville He Was Popular With the Ladies—Was Good Looking.

Noah H. Chalfant, a former well known Janesville boy, who left town not many weeks ago, is now wanted by the police of Chicago. After leaving here he went straight to Chicago, where he married a widow whom he has just managed to shake after getting \$3,000 of her money.

Won the Widow's Love.

Mrs. Chalfant is 30 years old and was formerly Mrs. Janet Spencer, a widow, living at 2310 Wabash avenue, where she kept a boarding-house. A year ago, according to the story she tells, she was introduced to Chalfant, who was then employed by an advertising agency as a canvasser.

He was good-looking, affable in manner, and plausible in speech, and succeeded in winning the affections of Mrs. Spencer. He was then living at the Columbia hotel, Thirty-first and State streets. Within six months from the date of their first meeting he lost his position and remained out of employment during the winter. In the meantime he had proposed marriage and had been accepted.

She had \$3,000, the proceeds of her mother's estate, and this, coming to the knowledge of Chalfant, he began to seek her assistance in money matters. During the past six months he received from her \$400.

Married in Kentucky.

He continually delayed the date of their marriage until March 29, when they were united at Covington, Ky. Mrs. Spencer desired the ceremony performed in Chicago, but Chalfant objected on the grounds that he did not wish any publicity and if married here the matter would be published. As he had no money she paid all the expenses, even to obtaining the marriage certificate.

They visited for several days in the south and finally went to the home of Chalfant's parents in Muncie, Ind. Last week they returned to Chicago and engaged rooms at 51 Rush street. He there made a proposition to go to Ellwood, Ind., and engage in stock raising and she gave him \$1,700 the balance of her original \$3,000 and accompanied him there. He deposited the money in one of the Ellwood banks and then complained of being sick. He said he desired to return to Chicago for treatment.

Wednesday evening he told her he had a business engagement at the Palmer house and asked her and her eight-year-old son to accompany him. They did so, and he left them in the parlor. Two hours elapsed, and finding he did not return she and her son went to their rooms on Rush street and found Chalfant had been there in her absence and had secured his effects and left without leaving any word.

Drew the Widow's Money

It is now known that he returned to Ellwood and on Thursday morning drew \$1,600 from the bank, leaving \$100, supposedly with the intention that if she should telegraph thre asking if he had an account an affirmative answer would be returned.

Chalfant, who is thirty years old, previous to his coming to Chicago was married and divorced in Muncie. It is believed by the police that he has traveled under the name of Crawford. The police are in possession of information which leads them to think he has gone to Hot Springs, Ark.

Lived in Janesville.

While a resident of this city Chalfant worked at the F. M. Marzluft & Co.'s shoe factory, where he was considered a good workman. He bearded at the Highland House on East Milwaukee street, and on account of his good look and smooth ways, was quite popular with a certain class of Janesville young ladies.

SHIFTED ITS TRACK LINE

Northwestern Road Accomplished Fast Work on Sunday.

If ever the Chicago & Northwestern railway company put in a busy day in Janesville, it did yesterday. In spite of the fact that it was Sunday, the company selected this day for the re-laying of the tracks from Pleasant to Academy streets, and no time was lost in completing the job. A gang of fifty men commenced the work early, and it was not long before their task was over. Sunday was selected on account of the few trains that run here on that day.

Decision for the Plaintiff in the Town of Fulton Case

In Justice Richardson's court this afternoon a jury found for the plaintiff in the case of the town of Fulton vs H. S. Pomeroy. The verdict is to the effect that the defendant's line fence encroaches on the public highway. The case has been in the courts about fifteen years and will probably be appealed.

Your pocketbook will say its wishes were consulted in a most satisfactory degree at Spencer's newest shoe store.

UNIVERSITY GOSSIP

Students Are Working Hard to Excel in Athletic Sports.

University of Wisconsin, April 18—The final competitive drill for best company of the Varsity Regiment came off last Tuesday afternoon. The winning company was Co. A, of which Palmer, of this city, is the First Lieutenant. The rivalry between the companies drilling was intense.

The initial appearance of the U. of W. minstrels took place Thursday evening. It is needless to state that they scored a great success.

The first home game of the season took place this afternoon. The home boys won by a score of 15 to 6. The game was a very close one until the beginning of the sixth inning, when the Badgers ran in eight runs. The home team put up a strong game throughout, the pitchers, Huston and Hitchcock, showing up finely.

The baseball situation here is very complex. Manager Miller stated yesterday that he had no knowledge of the cancellation of dates by Chicago and Illinois beyond what he had seen in the papers. He says a series of

DISAGREE ON THE CUBAN POLICY

SENATE REFUSER TO CONCUR IN HOUSE AMENDMENTS.

Resolutions Will Go to Committee of Conference—War Taxes Upon Beer, Tea, Coffee, and Bank Checks—Violence to American Consuls in Spain.

Washington, April 18.—[Special]—The house convened at ten o'clock this morning, but an adjournment was taken immediately until noon because the resolutions from the senate would not be received until that time. Immediately upon convening at noon Mr. Dingley moved that the house concur in the senate's resolutions except the clause recognizing the existing Cuban republic.

Mr. Brownell moved to concur in the entire resolutions. The roll call then began and Dingley's motion prevailed, 179 to 156. The action sends the resolution to a conference committee of the house and senate members.

The senate, by a vote of 46 to 32, refuses to concur in the house amendments to the senate Cuban resolutions.

Fourteen republicans voted against Mr. Dingley's motion. They were: Brownell and Brown, Ohio; Colson, Kentucky; Cooper, Wisconsin; Johnson, Indiana; Johnson, North Dakota; Lorimer, Illinois; Loud, California; Munro, Illinois; Salloway, New Hampshire; Werner, Illinois; Dorr, West Virginia; Mahany, New York; White, Illinois.

This sends the resolutions back to the senate, and if that body refuses to concur in the action of the house the resolutions will have to go to a joint conference committee.

Immediately after the vote was announced Messrs. Reed and Bailey had a tilt over a question asked by Bailey. Mr. Reed intimated that the request was disrespectful. Trembling with rage Mr. Bailey said the accusation was false. Mr. Reed ignored the statement and quiet again reigned.

Refuses to Concur.

At 3:40 the action of the senate was reported to the house. A vote was then taken on Mr. Brownell's motion to adopt the senate resolutions in full, and they were lost.

A Deadlock Certain

Ten republican senators have refused to agree to the changes made in the House and the appointment of a conference committee will be opposed. This renders a deadlock on Cuban resolutions certain.

BRIEFS FROM BELOIT

Death of Two Venerable Women, Old Residents of the City—Book from China.

Beloit, Wis., April 18.—[Special]—Mrs. O. W. Munger, whose death occurred Friday, was 68 years of age and a resident of Beloit over 50 years. She had been seriously ill for three months. Heart failure was the cause of her death. She was a pioneer of the Methodist church. Besides her husband five children survive her, Mrs. H. A. Heath, of this city; Mrs. Rev. H. S. Jordon, of Philadelphia; Mrs. F. M. Woods, of Colorado Springs; Col.; Mrs. J. D. Surale, of Victor, Col.; and Albert Munger, of Beloit.

The funeral took place yesterday afternoon at three o'clock from the house, No. 449 St. Paul avenue. Mrs. Munger's brothers, Masear, John and Andrew Tafflemire, of Mason City, Iowa, were also present at the funeral.

Mrs. Dumbleton, aged 93 years, died Saturday at the home of her daughter, Mrs. Barker. Mrs. Dumbleton was a daughter of the Revolution, and her husband was in the war of 1812.

Members of the Y. M. C. A. band returned home this morning from Madison, where they played Sunday evening and yesterday. The Madison Democrat of yesterday says:

"A fair audience attended the annual concert of the Y. M. C. A. given at the Presbyterian church last evening. The Janesville Y. M. C. A. band, assisted by some of the best local talent, gave a delightful entertainment.

One or two of the numbers were of a very high order, but the other pieces given were beyond its power. The selection entitled Hunting Scene was poorly rendered. This piece is one of the greatest of band selections and has been given by all of the best bands with great success. The best selection was the overture, Il Barberi by Rossini."

THEMES FROM THE LOCAL PULPITS

REV. MR. DENISON SPEAKS OF FEARLESSNESS OF FAITH.

Draws His Illustrations From the Famed Storm On the Lake of Galilee

—Rev. W. A. Hall Exploits the Necessity of Faith In God's Promises.

At the Congregational church yesterday the pastor, Rev. Mr. Denison, preached from the theme: "The Fearlessness of Faith," from the text in Matt. 8:26. He said in brief:

The scene is on the lake of Galilee during a storm. If faith need ever yield to fear it might be in such a situation as this.

There are the fearful moments of suspense when the ears are smitten with the booming of the waters, torn and flying before the wind, the creaking of strained timbers, the flapping of useless sails, when the eyes strain into the darkness or hide themselves before the terror of the tempest, when the heart waits between fear and death. There are the moments of final struggles when alone, a speck upon its stormy vastness, a man is plunged into the deep with nothing beneath his feet but the yielding depths of waters with the threatening mountains of wave above him and the black slippery caverns opening beneath. A few moments he is the tossed plaything of the billows. His cry is but feebleness against the voice of many waters. There comes no answering help from God, man, star or mountain. The spark is quenched in the merciless abyss.

These men were not cowards. They knew when their situation was desperate. His calm reply was therefore equivalent to telling them that there was no situation in life in which a man's faith ought to give way to fear.

We might learn from Christ's words to them to have less fear of death. Christ's principle is plain. None but those whose faith is little will fear death. Hath God all in vain put His lips to ours and whispered, "He giveth His beloved sleep," and hath Christ in vain proclaimed, "I am the resurrection and the life?" We do not honor the dead by helpless idleness, nor yet by a shrinking and depressing sadness, but most by a clear courage and a faith that still does what it can.

The point at which the men and women of the world show the most fear, the most hesitation today is the strict application of the truth to their own lives. We are afraid to be as good as we know. Now we are not a spiritless people. No man can call us cowards. There is no doubt but that if the call came to us to strike in defense of our country's honor, we would answer with the heroism of Valley Forge and Gettysburg.

But in this matter of daring to do the kind thing, the true thing, the Christian thing, who is there that can claim that we are always fearless? We do not need more truth. Christ has shown us what man owes to God—love, service, obedience, faith. All these things we know are true. Men do not doubt love. In the depths of his heart every man knows that truth is true. What we need is the courage to make them true in what we are. We need the faith to believe that every man can actually be a brother to every other man—which believes that the church can and must be a brotherhood, a ministry to the world.

Christ lays down the plain principle—seek first the good of the kingdom. Do we not often fear to trust the principle? Do we not feel that it is much more safe, much more sensible, to seek for ourselves first?

There is one further particular point in life in which we do not seem to have come to fearlessness of faith; it is in mercy. Are we afraid to be merciful? Do we fear to trust Christ's law of forgiveness lest it should injure us? Must we quibble and debate under the name of him who took the repentant woman into the number of his companions? Mrs. Booth told us of how sadly it often happened that a man coming from out the prison walls with an honest purpose is hounded by society's unwillingness to forget his misdeed back into despair and crime. Christianity does not excuse sin; it does not make wrong right but sincere repentance calls always for mercy. We must punish offenders but we must punish in kindness without any personal grudge or malice.

Then there is the truth of simplicity—how simple was the life of Christ. The Christian law of simplicity is simply this, not letting our souls be clogged by luxury or vanity, but holding them free and strong and healthy to do the nobler works of life. Simplicity does not cramp life; it only prevents it from being gross. The luxurious life, the frivolous mind dwindle away in a few generations, and the world must recruit its strength from those who are brave enough to be simple.

My friends, we have our Christian truth. Let us not fear to trust it.

Let us realize that brotherhood is good for today, good for the church. Let us not fear to be a brother or a sister to anyone whom we can help; let us not be afraid to be simple. Let us not fear to be unselfish, merciful, and true. Let us not fear to lay upon our lives this test of acting always so that Chris could approve our lives. If we sit in the shadow of death, let us trust our truth, not being afraid that death is mightier than immortality.

If we stand in the vigor and work of life let us not fear to commit our lives to Christ and all he lived for—commit them to truth, to love, to Christianity, for they are God's, and he who fearlessly follows God will suffer nothing.

In the evening the pastor preached from the theme, "The Temptation of the Afterthought."

THE LIFE OF CHRIST.

Scenes Chosen By Rev. W. A. Hall to Illustrate Religious Lessons.

Yesterday morning Rev. W. A. Hall continued his series of discourses on the "The Life of Christ," at the Court Street M. E. church. He said in part:

The word Bethesda lingers in the mind like a sweet childhood memory. Where it was, whether north of the temple enclosure, or where now is the so called "Pool of the Virgin," no one can tell, but what it was we may conjecture with tolerable accuracy. Picture a rectangular pool, surrounded by a stone wall, a paved five-sided court about it, and surrounding this court five porches or covered colonades, and you approach closely the reality. In these porches was a motley crowd.

Sick, blind, lame and withered were gathered. Why? They wanted to be healed. The Jews were not alike superstitious with surrounding peoples. They did believe in one God, and he fully supreme. But the superstition of these neighboring nations did color Jewish thought and feeling.

The Jews at this time believed that angels presided over springs and rivers. The Pool Bethesda was evidently fed by intermittent springs, as is the Pool of the Virgin. Indeed, the two names may be for one spring. When the springs gushed up the water of the pool was disturbed. It boiled in commotion. In the prevalent Jewish thought an angel—the angel of the pool—troubled it. The angelic presence charmed the waters. Whoever then first stepped into the waters was healed of whatever disease he had. This was the claim.

Now, among the crowd waiting for the troubling of the waters is a man most wretched indeed. For thirty-eight years disease has had him in an iron grip, fiercely cruel and utterly relentless. Nothing has helped him. But he has heard of the pool. He has come hither. He is waiting for a possible chance to get first into the waters. See him watch the waters. His whole soul is in his eyes. He must see the very first motion in the water. Now see his face illumine. "Quick," he cries, "some one help me, quick." But a scrambling multitude are already in the water. Who cares for him? None. Each cares for himself only. So again and again this man is disappointed.

Mr. Hall said that this man was a type of those in life who, intent on some object they think will satisfy them, are continually crowded out.

Some one always steps in first. He was like these again in that there was not for him what there was in stepping first into the pool.

The speaker described the scene in the temple on this Sabbath day of the "unknown feast." The indifference to suffering and need that was felt by the people, all absorbed in the very imposing ceremonialism. But Christ was there. He, drawn by His powerful compassion, goes to Bethesda. He did no heal all, at least at this time. He will heal one. Which one? Oh, he says to Himself, the most wretched, and helpless and discouraged; the one who feels His need most. Perhaps as Jesus stands there he sees the multitude scramble down and this man left behind. But what matters it? He had seen every such scene and all that the man suffered. He goes up to the man on the pallet, "Wilt thou be made whole?" and commands, "Arise take up thy bed and walk." He speaks him to his feet, speaks him into strength and leaves him, as, bed on shoulder, the man starts on his exultant journey home.

Mr. Hall then spoke of the narrow Jewish Sabbath. The idea of rest from secular toil they held and exaggerated but the high idea of a day full of service for God and man had wholly escaped them.

In the evening Mr. Hall spoke on

Namara, the Syrian, who was commander, great, brilliant in place, power and earthly prospects, but a leper. Sin is moral leprosy.

MONEY COST OF TOBACCO DROP

AN INDUSTRY THAT BRINGS JANESEVILLE MUCH WEALTH.

Millions of Pounds Packed and Assorted in Local Warehouses—Amount Paid In Wages Foots Up to a Goodly Sum—Many Families Supported By It.

Editor Gazette:—But few of our citizens outside of the tobacco dealers have a correct idea of the magnitude of the tobacco business of this city and its influence upon the industrial welfare of our citizens.

The twenty, or more, firms buying tobacco in this market this winter will pack in our city about 25,000 cases of tobacco, each case holding 300 pounds or a total of 7,500,000 pounds. This is packed at a cost of about one cent a pound or a total cost of \$75,000, paid to assorters, packers, and the various other workers about a tobacco warehouse, who assist in picking. In addition to the above the more extensive packers pay an aggregate of about \$5000 to farmers and bookkeepers, and an equal amount is paid for sampling, piling cases and drying during the year.

We do not know just how much is paid for taxes and insurance, but these amounts, together with those mentioned above, will bring the total to over \$100,000, a most magnificent sum to contemplate, it being two thousand dollars per week to the wage workers. The price paid to farmers has not been far from five cents per pound, and this means that the banks of the Bower City have paid to the farmers the grand sum of \$125,000, which, with the \$100,000 paid to our laborers, makes nearly a quarter of a million dollars handled through the banks. When the tobacco is sold to eastern parties a larger amount is involved, making a grand total of half a million dollars.

Of the \$100,000 paid for labor in the warehouse, nearly every cent reaches the coffers of our merchants, and of the large sum paid the farmers, much of it reaches our various establishments, contributing in now small way to the commercial prosperity of our beautiful city.

Excepting the Janesville Machine Works there is no one industry in the city that pays as much to laborers as does the tobacco industry.

More could be said along this line, but this is sufficient to indicate what the tobacco business does for Janesville, and the business men of the city should embrace every opportunity to establish its permanency and promote a further growth.

Start in the Western League.

The championship season in the Western league will start on Wednesday. There will be only one game, the opening of the season in other cities coming on Thursday. This is because there will be no Sunday game at Indianapolis. The opening games are:

Detroit at Indianapolis, St. Paul at Omaha, Minneapolis at Kansas City, Milwaukee at Columbus.

Germany Looks Toward Samoa.

London, April 18.—The Berlin correspondent of the Times says: "Some importance is attached to the announcement of the Correspondenz (national liberal) that Germany mediates the 'eventuality of a stronger display of power at Samoa, thus enabling her to assume exclusive sovereignty in the island.' The idea is that the engagements of the United States and Great Britain elsewhere present a favorable opportunity; but, looking to the probable outcome of such an action, it is difficult to take the announcement as seriously as the German press seems to do, considering that Germany has her hands full in China, and, as the Frankfurter Zeitung observes, that 'Samoa is not worth such a display of power and expenditure.'"

Fishermen Lost in the Lake.

Michigan City, Ind., April 18.—Chas. Lind, Henry Slatter and Charles Harradon, fishermen, went out Saturday night to lift their nets. Their boat capsized, and, being heavily loaded, sank to the bottom. The three men clung to the net poles for several hours. Then Lind and Slatter, becoming exhausted, were drowned. The life savers started out in search of the men, and after nine hours they found Harradon, almost exhausted, but still clinging to the pole. They took him in. Late in the afternoon the body of Lind was recovered.

To Cut Wages 33 Per Cent.

Anderson, Ind., April 18.—The new wire-nail trust has notified the 800 workmen in the Anderson plant that their wages would be reduced, some as much as 33 per cent. The least reduction is 9 per cent. It is understood that these reductions are to be made in all of the fourteen plants, and the plants will be run on a strictly non-union basis. They now employ about 10,000 men. Anderson workmen will at once communicate with others, and steps toward united action will be taken. The wages have been regarded as fair.

Fava Does Not Look for War.

Rome, April 18.—The Pungolo Parliamentario publishes an interview with Baron Fava, the Italian ambassador to the United States, who will leave for Washington Thursday, in the course of which he declares that he does not believe there will be war, and that he considers the possibility of action by the powers to stay the decision of congress as not excluded.

Free from Manilla.

London, April 18.—A special dispatch from Singapore says that the steamship Leo XII., from Manilla, has arrived there crowded with Spanish officials and well-to-do Spanish families who are escaping from the rebellion which is spreading rapidly in the Philippines. They report that Manilla is panic-stricken.

Says Polo Will Stay Here.

London, April 18.—The Madrid correspondent of the Morning Post claims to know that if both houses of congress adopt the resolution which has passed the house of representatives Senator Polo y Bernabe will not be recalled from Washington, the government believing the powers will still find a way out of the difficulty.

Wreck on the Rock Island.

Fairfield, Iowa, April 19.—The Rock Island road is still blocked near here by the frightful wreck of Saturday. Two freight trains came together, head on, in a deep cut at a sharp curve four miles west of here. Charles Dibble, engineer; Elmer Blosser, fireman, and William Watterson, brakeman, were killed.

Mineral Lands Are Opened.

Helena, Mont., April 18.—The opening of the ceded strip in the Blackfoot reservation on last Tuesday was a tame affair. Less than 100 men crossed the line when the word was given at noon Saturday. They hastened into the mountains to locate mining claims, encountering several feet of snow.

Saw a Torpedo Flotilla.

Southampton, April 18.—A vessel which arrived here today reports having seen a Spanish torpedo flotilla in the British channel.

CURRENCY REFORM IN FAVOR.

Mr. Hill's Canvass Shows 124 to 48 Republicans for a Banking Bill.

Washington, April 18.—A canvass of the republican members of the house has disclosed a strong sentiment in favor of action to secure a reform of the currency. The question came up among the republican members of the banking committee whether the majority of the party desired any action. Mr. Hill of Connecticut expressed a desire to put the question to a test. He took a list of the republican members and personally saw as many as possible within two or three days. It was during the time when the Cuban resolutions were under discussion, which made it easy to reach three-quarters of the republicans. They declared in the proportion of five out of seven that they believed such action should be taken by the republican majority of the house. The first day showed an affirmative vote of more than 100, with less than 40 in the negative, and the figures at the close of another day were 124 in the affirmative and 48 in the negative. Only 27 republicans were unaccounted for, and a full canvass would show a proportion of about 150 against 52 in favor of action. The feeling on the subject in the house is very different from what it was at the beginning of the present session.

The banking committee may report a bill during the present week.

Bellamy Cannot Recover.

Denver, Colo., April 18.—Edward Bellamy has not been able to leave his

room at the Gilpin hotel for several days. His recovery is considered impossible, and the duration of his life depends simply on how long his weakened constitution may be able to endure the attacks of consumption. His wife is in constant attendance upon him.

A little boy asked for a bottle of "get up in the morning as fast as you can." The druggist recognized a household name for "DeWitt's Little Early Risers," and gave him a bottle of those famous little pills for constipation, sick headache, liver and stomach troubles. People's Drug Co.

Wedding Invitations.

Thirty-five years make a generation. That is how long Adolph Fisher, of Zanesville, O., suffered from piles. He was cured by using three boxes of DeWitt's Witch Hazel Salve. People's Drug Co., corner Main and Mill Sts.

Arms Coming Here.

Liverpool, April 18.—The White Star line steamer Bovic, which sailed for New York last night, had on board a large consignment of Lee-Metford rifles, ten Maxim guns, fifty Krupp quick-firing guns and 200 tons of ammunition.

Spain Calls On Her Sons.

Paris, April 18.—A dispatch from Cetee, department of Perault, to the Petit Journal, says all able-bodied Spaniards there have been ordered to return to Spain as early as possible.

For a Field Hospital at Key West.

Washington, April 18.—The war department has ordered the erection of a field hospital at Key West for the accommodation of sick and wounded soldiers. It will cost \$25,000.

THIS DAY IN HISTORY

1811—William Williams, "signer" for Connecticut, soldier, etc., born in Lebanon, Conn.; died there 1811.

1816—Paul Revere's famous ride out of Boston to arouse the patriots. Revere was an active, public spirited colonist and had served in the British colonial forces against France. During the Revolution he served the LIEUTENANT cause as a soldier and also with his mechanical talent. Two of his grandsons served in the civil war, and one was killed at Gettysburg.

1817—George Henry Lewes, noted English writer on philosophy, born in London; died 1875.

1827—Battle of Cerro Gordo, Mexico.

1828—Baron Justus Liebig, the great chemist, died at Munich; born 1803.

1836—R. C. Wickliffe, ex-governor of Louisiana, died.

Granville Perkins, the artist, died; born 1830.

THEN AND NOW.

When the average American citizen is contemplating with pride the developments with reference to appropriations for war, it might be well for him to contrast present conditions with those which would have certainly existed at this time, had the country in 1896 elected a free-silver president and congress. Instead of \$168,000,000 in gold which the treasury now possesses, it would not have a dollar in gold. Instead of our bonds commanding far more than their face value in gold, we should be unable to sell them except at a miserable discount, with the government in control of a party constantly advertising itself, as the silver party has done, in favor of paying bonds in silver at 16 to 1. Instead of offers of gold at par by the banks to all who wish it, there would be a currency of silver and paper, based upon silver. Instead of an appropriation of \$50,000,000 one of more than \$100,000,000 would have been necessary for an equal result, and instead of an ability to raise unlimited sums of money by an issue of government bonds at more than their face value in gold, the raising of any considerable sum by this process would be problematical and doubtful. In the face of a threatened war, the present condition, in which every citizen takes pride, is one which may well be contrasted with that which would have existed in such a crisis had the dangerous summer day financial proposition of 1896 been adopted.

THEY WILL NOT SEE.

The calamity-howlers and those who will not see improved conditions in the business of the country shut their eyes and say nothing about the advance of wages in the iron mines, the coal mines, the glass works, the iron works, the pottery works and the railroads throughout the United States.

The men who delight to see something wrong in the business of the country for the selfish purpose of securing arguments to advance their political chances will not acknowledge that the bank clearings of the week when Jones, Towne and Butler issued their wails of woe in addresses to the people of the country were 60 per cent, greater than those of the corresponding week of the preceding year under the administration of the party which they are now asking the people of the United States to return to power. The bank clearings of the United States for the week ending February 19 were \$1,524,588,524, against \$955,135,768 in the corresponding week of last year, while the number of people employed in the United States has vastly increased meantime, and the wages paid have in thousands of cases been advanced—Buffalo "News."

BRYAN AND THE BONDS.

It was rather unkind in those Augusta, Ga., people to announce the sale of their new bonds at 3½ per cent interest just as Mr. Bryan was visiting the state to persuade the people that the country needs more money, even at the risk of making it of an uncertain value. It will be hard to convince people that there is a scarcity of money supply when cities are able to cut their interest in half, as is the case with Augusta, whose recent sale of \$100,000 worth of bonds, bearing 3½ per cent interest, was made for the purpose of refunding bonds bearing 7½ per cent.

One by one the strongest and most highly respected men of the democratic party are being driven out of that organization by the "rule or

ruin" silver element. Their latest victim is Senator Mills, of Texas, who has been compelled to abandon his candidacy for re-election because of the adoption of a rule excluding from the primaries all who refused to support free silver in the last national campaign.

READY FOR HIS NEW DUTIES

Arrival of the New Physical Director of the Y. M. C. A.

J. Merle Davis, the newly appointed physical director of the Y. M. C. A., arrived in the city today on the noon train from Oberlin, Ohio.

Measuring six feet 2½ inches in height and built like a perfect athlete, Mr. Davis attracted his share of attention at the building this afternoon. Tonight at the Y. M. C. A. building will occur the first annual reception of the Young Men's Christian Association, Auxiliary and all connected with the families of the members. The Y. M. C. A. band will play, a base ball game, and other interesting features will be carried out during the evening. An outline of the work for the summer and fall will be given in detail. An address of welcome to Mr. Davis and a response from him outlining the policy he will pursue, will be given.

All young men interested in the Y. M. C. A. are cordially invited to attend the reception this evening.

DEATH OF MRS. CALDWELL

Old Resident of the Town of Janesville Passes Away

Mrs. Helen Caldwell died on Saturday at her home in the town of Janesville after a protracted illness aged 82 years. She was an old settler of the town, where she was widely known and highly respected. A year ago last December her husband died, and since then Mrs. Caldwell has been steadily failing. She leaves three daughters, Mrs. Caroline Kettle of the town of Janesville; Mrs. Jeannette Jude, of Milwaukee, and Miss Helen A. Caldwell, who resided at home. The funeral was held from the family home, this afternoon at 1 o'clock, and was attended by a large number of her friends and neighbors.

A TRIBUTE TO MR. FATHERS

City Treasurer Receives Jewels and Regalia from Odd Fellows

City Treasurer James A. Fathers had good reason to feel happy today. From the well known jewelry firm of M. O. Libbey & Co., he received in a silk lined box the handsome regalia and jewel that was presented to him last February at the grand encampment of the I. O. O. F. held at Beaver Dam. The trophy was presented to him as Past Grand Representative and for services rendered. The regalia is worked in gold and silver on silk, while the medal is composed of gold with silver trimmings.

Masonic Notice.

Master Masons take notice. There will be a special communication of the parts affected as it comes into direct contact with them and sets up a healthy action, which in a perfectly natural way brings the parts to their normal condition.

The first effect of the Pyramid Pile Cure is to instantly remove the pain and irritation generally present, and from that time on the cure rapidly progresses and before the patient is hardly aware of it he is entirely cured.

The remedy seems to act directly on the nerves and blood vessels of the parts affected as it comes into direct contact with them and sets up a healthy action, which in a perfectly natural way brings the parts to their normal condition.

The remedy does its work without any pain or inconvenience to the sufferer, and is justly considered one of the most meritorious discoveries of modern medicine.

Piles is one of the most annoying and oftentimes dangerous diseases with which humanity is afflicted. If neglected it frequently develops into fistula or some equally fatal or incurable trouble, whereas by the timely use of this simple but effective remedy, no one need suffer a single day from any form of piles unless they want to.

The Pyramid Pile Cure is perfectly harmless, containing no mineral poisons, and is also very reasonable in price. It is sold in druggists everywhere at 50 cents per package. The manufacturers of the remedy are the Pyramid Drug Co. of Marshall, Mich., who have placed this excellent preparation before the public only after giving it thorough and repeated tests in the hands of reputable physicians. The results in hundreds of cases have convinced us that it will not disappoint you.

WALTER FIFIELD MADE AGENT

Will Represent the Northwestern Mutual Life in Southern Wisconsin

Walter S. Fifield has been given the district agency for the Northwestern Mutual Life Insurance company, of Milwaukee. His territory includes Rock, Green, Walworth and LaFayette counties, but he will devote much of his time writing Janesville business.

It is a significant fact that the Northwestern Mutual carries 49 per cent of all the life insurance in force in Wisconsin and that it leads in every state except New York. In fact only three companies exceed this company in size and their field of operations covers practically the entire civilized world.

The business of the Northwestern is strictly United States business. However, a most desirable point.

Mr. Fifield is in a position to present many convincing arguments as to the merits of the Northwestern.

The earnings of Pontine policies in the Northwestern exceed the earnings of other companies on similar policies by from 35 to 65 per cent.

Statements of current accumulation of surplus are furnished to policy holders upon request while other companies refuse to do this.

The prosperous condition and heavy assets of the company show in the Jan. 1898 statement:

Assets..... \$163,375,538 Liabilities..... 80,885,993

Accumulations held to meet contingencies

Policy Contracts..... 16,310,434 Surplus..... 6,180,000

Income..... 20,020,162

Insurance Written..... 61,187,593 Insur. since gained..... 28,913,541 Policies in Force..... 178,462 Insurance in Force..... 413,681,370

Mr. Fifield will have his office with Carter & Hasselton and also at his residence, 220 South Main street.

THEY PAID A VISIT TO DELAVAN

Christian Endeavor People Attended the Southern Wisconsin Union.

Several local members of the Christian Endeavor society spent yesterday in Delavan, where they attended the annual meeting of the Southern Wisconsin Division Union. Exercises were held in the Congregational church, the Rev. Mr. Wilder, formerly of this city, preaching an impressive sermon in the morning. In the afternoon and evening Attorney A. E. Matheson of this city, addressed the large congregation.

The session commenced Friday, and was brought to a close last evening. Those who went from here were:

Misses—Grace Kirk, Jennie Spoon, Nellie Hartwell, Emma Paulson, Nettie Holmes. Messrs—Frank Spoon, Fred Holt, Graham Galbraith, Lathrop.

Fannie Clark, Nettie Harrington, Maude Green, Mata Kirk, Lucy Louden.

LODGED IN JAIL ON SERIOUS CHARGE

GEORGE COTTER TURNS REAL HIGHWAYMAN.

Beloit Boy Now in the Rock County Jail—Used Force to Steal Twelve Dollars—Case Against Him Comes Before the Court Thursday.

George Cotter, who is a carpenter by trade, is now occupying a cell in the Rock county jail charged with stealing \$12 from one Charles Mann, of Beloit. In order to accomplish his purpose, it is alleged, that Cotter struck Mann a terrific blow on the head with a coupling pin, the crime having been committed in the railroad yards at Beloit.

Has Little To Say.

In charge of Marshal George Appleby, the prisoner was brought to this city today, his hearing before Justice Booth, of Beloit, being continued till Thursday. At the jail Cotter had little to say about the serious crime charged against him, saying that he would tell all in time.

He is a young man, not over twenty-one, and judging from his looks, one would not take him for a desperate character.

Of Good Repute.

The books at the jail fail to show that he has ever been here before, and it is said he bore a good reputation in Beloit.

MOVING DEPOTS AND TRACKS

Laboring Gang Has Been Kept Busy For Several Weeks

Eugene T. Fish and fourteen men returned home last evening from Woodstock, Crystal Lake and Ridgefield Ill., where they have been working for the Chicago & Northwestern railway company in removing passenger stations and freight houses. The building of a double track through that section resulted in the removal of these buildings several feet in order to make more room for the new tracks. The contract was a large one which took two weeks to accomplish. They may yet return and move the depot at Cary.

Pope's Effort to Avert War.

Rome, April 18.—The pope has declared the intention to labor night and day to stave off war as long as possible. He still hopes for peace through Archbishop Ireland, whose efforts have hitherto been sympathetically received by President McKinley. The pope has already urged Spain to manfully accept the inevitable and relinquish Cuba, but the attitude of Don Carlos, posing as the champion of Spanish national honor, has prevented the success of his plan.

Expect to Invade Spain.

Washington, April 18.—Major-General Miles said Sunday: "The army is ready. Transportation of troops is proceeding as rapidly as possible. I shall go south myself in a few days." On the very highest authority it may be announced that General Miles does not expect the campaign to end in Cuba. It is his belief and the belief of many other important officers of the army that the land campaign will include an invasion of Spain herself as well as her colony.

VOTE FOR RECOGNITION.

Senate Passes the Davis Resolution
on Cuba.

MAJORITY IS A LARGE ONE.

Sixty-Seven of Them Declare in Favor
of Regarding the Cuban Republic as
a Nation and Only Twenty-One Oppose It.

Washington, April 18.—After four days of debate the senate Saturday night passed the Davis resolutions, amended so as to include the recognition of the republic of Cuba, by a vote of 67 to 21. The resolutions as adopted follow:

"Joint resolution for the recognition of the independence of the people and republic of Cuba, demanding that the government of Spain relinquish its authority and government in the island of Cuba and withdraw its land and naval forces from Cuba and Cuban waters, and directing the president of the United States to use the land and naval forces of the United States to carry these resolutions into effect."

"Whereas, The abhorrent conditions which have existed for more than three years in the island of Cuba, so near our own borders, have shocked the moral sense of the people of the United States, have been a disgrace to Christian civilization, culminating, as they have, in the destruction of a United States battleship, with 266 of its officers and crew while on a friendly visit in the harbor of Havana, and cannot longer be endured, as has been set forth by the president of the United States in his message to congress of April 11, 1898, upon which the action of congress was invited; therefore,

"Resolved, By the senate and house of representatives of the United States of America, in congress assembled:

"1. That the people of the island of Cuba are, and of right ought to be, free and independent, and that the government of the United States hereby recognizes the republic of Cuba as the true and lawful government of that island.

"2. That it is the duty of the United States to demand, and the government of the United States does hereby demand, that the government of Spain at once relinquish its authority and government in the island of Cuba and withdraw its land and naval forces from Cuban and Cuban waters.

"3. That the president of the United States be, and he hereby is, directed and empowered to use the entire land and naval forces of the United States and to call into the actual service of the United States the militia of the several states to such extent as may be necessary to carry these resolutions into effect.

"4. That the United States hereby disclaims any disposition or intention to exercise sovereignty, jurisdiction or control over said island, except for the pacification thereof, and asserts its determination when that accomplished to leave the government and control of the island to its people."

PRAYERS FOR GLADSTONE.

Son of England's Grand Old Man Exhorts His Congregation.

Hawarden, April 18.—Mr. Gladstone passed a less comfortable day Sunday. His doctors say there has been little change in his condition during the last week.

Mrs. Gladstone and the other members of the family attended service in the Hawarden church this morning, Rev. Stephen Gladstone officiating. As indicating the gravity of Mr. Gladstone's condition, it is noted that the officiating clergyman requested the prayers of the church for his father.

He also requested the prayers of his congregation that "peace might be maintained between the two great Christian countries—the United States and Spain."

Baptist Women Will Meet.

Waterloo, Iowa, April 18.—The Women's Baptist Foreign Missionary Society of the West will meet in twenty-seventh annual session in this city, April 19-22. The last year's convention was held at Cincinnati, Ohio, and delegates were in attendance from the following states, which compose the district: Colorado, Idaho, Illinois, Indiana, Indian Territory and Oklahoma, Iowa, Kansas, Michigan, Minnesota, Missouri, Montana, Nebraska, New Mexico, North Dakota, Ohio, South Dakota, Utah, Washington, West Virginia, Wisconsin and Wyoming. It is expected about six hundred delegates will be present, and the people of Waterloo are preparing to do all in their power to render their visit to the city pleasant.

Grain Destroyed by Fire.

Boston, Mass., April 18.—The monster grain elevator of the Fitchburg railway, situated at the Hoosac Tunnel docks, Charlestown, containing nearly 500,000 bushels of grain, was entirely destroyed by fire early Sunday morning. The blaze started from an explosion of grain dust, and was of such force that it was felt all over the city. The total loss is estimated at \$500,000 on the elevator and contents and dock sheds, but the damage to other buildings by the explosion will raise this amount perhaps \$100,000.

Absence of Troops Encourages Indians.

Guthrie, O. T., April 18.—A report from Cantonment states that nearly one thousand Cheyenne Indians are in camp on the North Canadian, indulging in the ghost dance and "making medicine," and it is thought that the medicine men are trying to incite them to take advantage of the absence of troops from Fort Reno to make a stand for increased rations and more frequent beef issues.

SALE OF REAL ESTATE—STATE OF WISCONSIN, County Court for Rock County—in the matter of the estate of John H. Haviland, Deceased:

Notice is hereby given that by virtue and in pursuance of an order of license, made in said court on the 6th day of April, 1898, by the said court that the estate of John H. Haviland, deceased, on the 3d day of May, 1898, at ten o'clock in the forenoon, at the west front door of the Court House in said county, will sell at public auction to the highest bidder, for cash, the whole or parts of, or parcels of real estate, with the rights and appurtenances thereto belonging, severally described as follows:

Part of the northwest quarter (1/4) of section twenty (20), town of La Prairie, Rock county, Wisconsin, lying east of the highway and west of the right-of-way of the Chicago & Northwestern Railroad, containing twenty-nine (29) acres, more or less, and subject to a mortgage indebtedness of about \$3,610.19.

Also, a much of the southwest quarter (1/4) of section seventeen (17), town of La Prairie, Rock county, containing twenty-one (21) acres more or less, subject to a mortgage indebtedness of about \$3,645.92.

Also, the north half (1/2) of the southeast quarter (1/4) of section (19) said town of La Prairie, containing twenty-four (24) acres more or less, subject to a mortgage indebtedness of about \$2,707.70.

Also, a part of lot six (6) of south Bailey & Stone's Addition to the City of Janesville, Rock county, Wisconsin, according to the duly recorded plan thereof, known as Number 60 South River street, more particularly described as follows, to-wit:

Bounding on a point in the easterly line of lot sixteen (16) Smith, Bailey & Stone's addition to the City of Janesville, extending two (2) feet from the northeasterly corner of said lot sixteen (16), thence southerly twenty-two (22) feet on said easterly line; SPAIN ANXIOUS TO FIGHT.

Money and Men Offered to the Government.

GREAT ENTHUSIASM SHOWN.

Boys Under Age Ask Permission to Serve in the Army—Negotiations for Peace, However, Are Proceeding Without Interruption.

London, April 18.—The Madrid correspondent of the Daily Telegraph says:

"The greatest enthusiasm is manifested everywhere among the people, who are subscribing even more than they can afford to the funds for the national defense. I am acquainted with families who intend to deprive themselves of one meal a day in order to give their mite to the government. Many officials on small salaries have resolved to offer one day's pay, and even two, to the government. Boys under age are asking permission to serve in the army, their parents having already consented."

"Some popular ball-fighters, whose performances are worth hundreds of thousands of francs yearly, have resolved to abandon their vocation and shoulder rifles in defense of the fatherland. I had a long and interesting conversation with a diplomatic representative of one of the European powers, who requested me not to mention his name or nationality, who said:

"Although war seems certain, the possibility of peace is not yet eliminated. The negotiations are proceeding without interruption and success is still possible. Personally, I must say I believe it will be very difficult to maintain peace, because the excitement on both sides of the Atlantic is too strong to be opposed successfully by the governments. But what I am certain of is this: That there will be no real war in the ordinary sense of the word. Hostilities will end almost as soon as they begin, because Europe will mediate between the belligerents under conditions which will tend to be extremely favorable to peace with honor for both sides. It is then that the marked moderation of the Spanish government will bear fruit."

"The idea of armed intervention by Europe is absurd and unfounded. Not one power is disposed to support such a suggestion, although all admit that from the point of view of international law Spain is in the right and the United States in the wrong. It seems to me, therefore, that Spain will yet enjoy an opportunity of trying the experiment of Cuban autonomy."

"The ministers appear certain that their moderate, peaceful policy, which has made a good impression in Europe, will sooner or later bear good fruit, and that the prospect of peace is not yet disposed of. At all events negotiations between the representatives of the powers continue and great hopes are placed in them."

American Consulate Attacked.

Malaga, April 18.—The rioting which broke out Friday was continued Saturday night. The gendarmes charged the mob frequently, and the rioters returned their attacks with volleys of stones. Many persons were bruised and numerous arrests were made. The demonstration began with the parading of small crowds through the streets shouting patriotic cries. A mob eventually gathered, and attacked the United States consulate. Stones were thrown, and one of the mob leaders procured a ladder, tore down the shield having upon it the arms of the United States, and dragged it along the streets.

Don Carlos Urges Revolt.

Rome, April 18.—A local paper publishes an interview with Don Carlos, the pretender to the Spanish throne.

Don Carlos declares that the intervention of the pope in the trouble between Spain and the United States came too late to save Spain's honor.

Spain, he adds, should have made war before this and bombarded New York and the coast of Florida. This would have compelled the United States quickly to surrender. In conclusion,

Don Carlos declared that the Spaniards should rebel against their weak government.

Insists It Was an Accident.

Madrid, April 18.—The report of the Spanish commission of inquiry into the Maine calamity was made public here to-day. The report is strongly drawn up to show that the explosion could not have been caused by a torpedo or by a mine of any kind, as none of the phenomena usually produced by such means was noticed in the port of Havana at the time of the disaster, and no trace of anything was found that could justify the story of an outside explosion.

Madrid Press for War.

Madrid, April 18.—The tension of popular feeling that has existed here throughout the week was somewhat relaxed Sunday by the usual Sunday bulletin, and even the radical action of the United States senate did not succeed in distracting the public mind from this national diversion. Although the streets were thronged with promenaders after the return from the bull ring, there were no disturbances. The general tone of the press is firmly warlike.

Vindicated by His People.

Rome, April 18.—Ex-Prime Minister Crispi, who recently resigned from the chamber of deputies in order to seek vindication from his constituents for the censure passed upon him by the chamber in connection with the bank scandals, has been re-elected in Palermo.

Heavy Storm in Nebraska.

Omaha, Neb., April 18.—A heavy rain and hail storm visited eastern Nebraska Sunday afternoon, doing much damage. In some places as much as three inches of water fell in an hour. At Louisville, Neb., 500 feet of the Rock Island main line was washed out, derailing an east-bound passenger train. The engine and baggage car were demolished, but no one was seriously hurt.

Excellent Wheat Crop Prospects.

Topeka, Kan., April 18.—Representatives from all sections of Kansas and Oklahoma agree that the prospects for a magnificent wheat crop exceed those of any other year for ten years. The central and western part of Kansas is carpeted with green and the earth is thoroughly soaked by the recent heavy rains.

Big Combination in Rubber.

Akron, Ohio, April 18.—Negotiations to consolidate the Goodrich of Akron, Goodyear of Connecticut, and Butler of New Jersey, the three leading hard rubber companies of the country, have been closed. The consolidation will take effect on April 26, and the main offices will be in New York city.

Tousands of sufferers from grippe have been restored to health by One Minute Cough Cure. It quickly cures coughs, colds, bronchitis, pneumonia, grippe, asthma, and all throat and lung diseases. People's Drug Co.

To Arm More Ships.

Madrid, April 18.—The cabinet has decided to arm more of the steamers of the Spanish Trans-Atlantic company. Other war measures have been discussed by the council.

Spanish Warship Heads West.

London, April 18.—The Spanish warship Barcelona passed Dover at 1:30 o'clock Sunday morning, bound west.

Iowa Town in Flames.

Cedar Falls, Iowa, April 18.—Hopkinton, a town near here, is burning and the flames threaten to destroy every building in the little city. News of the fire was received here by telephone just before midnight and at that time the entire east side was in ruins and the west side burning. Nearly every business house had been swept up by the fire. Communication was cut off before further details could be learned, the building in which the telephone was located being ignited. No further word can be received.

GIVE THE CHILDREN A DRINK

called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. It is made by all who have used it because when properly prepared tastes like the best coffee but costs only one-half its properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children, as well as adults, can drink it with great benefit. Costs as much as coffee. 15 and 25¢.

This starch is prepared on scientific principles by men who have had years of practical experience in fancy laundering. It restores old linen and summer dresses to their natural whiteness and imparts a beautiful and lasting finish. It is the only starch manufactured that is perfectly harmless, containing neither arsenic, alum, or any other substance injurious to linen and can be used even for a baby powder.

For sale by all wholesale and retail grocers.

Two ways

to use up clothes—rubbing them on a washboard, and washing them with harmful things. Unless you want to waste money, don't do either. Use Pearline. Use Pearline rightly, and there's no washboard needed.

No rubbing to speak of. No wear. No hard work. As for the safety and utter harmlessness of Pearline, let its twenty years of uninterrupted and constantly-growing success talk. Anything that hurts or weakens the clothes couldn't be used, year in and year out, by millions of careful women.

Peddlers and some unscrupulous grocers will tell you, "this is as good as" or "the same as Pearline." IT'S FALSE—Pearline is never peddled; if your grocer sends you an imitation, be honest—send it back.

SORES

On His Leg Twenty-seven Years Cured by

SEPTICIDE

"While in the army with the 54th Ind. Vols. sores came on my leg from the knee down, and much of the time since that I have been able to walk only with crutches. I have tried almost every remedy which friends suggested, but never struck the right remedy until about three weeks ago, when by the advice of our druggists, Goddard & Watson, I commenced the use of "SEPTICIDE." I took it internally and kept the sores wet with it four or five times a day. I am now happy to say that I am entirely cured, and my leg is as sound as ever.

THOMAS MOLER, Chippewa Falls, Wis.
